CARLOTTA e EMILIO TERRAGNI

Papillon è la gamma di Servetto dedicata alla parte bassa dell'armadio. La filosofia del prodotto prevede un telaio (estensibile o fisso) in cui alloggiare gli accessori per andare a configurare la composizione desiderata. Come tutti i prodotti della gamma Servetto, Papillon è estensibile e si adatta alle dimensioni del vano nelle seguenti modalità: 77-120, 56-80 e 44-56 cm. Il sistema Papillon è compatibile con le guide dei seguenti marchi, tramite appositi adattatori per il fissaggio delle stesse sul telaio: Blum, Grass, Häfele, Hettich. La gamma di accessori proposti da Servetto lascia ampio spazio all'immaginazione: portapantaloni, portabiancheria, portascarpe, ripiani, ecc... si possono creare infinite combinazioni in base alle esigenze del cliente e alla dimensione del vano.

Papillon è disponibile nelle finiture bianco, brown e piombo. Con saliscendi e Papillon nella stessa nuance di colore, si può armonizzare l'interno armadio e scegliere la finitura che meglio si adatta al materiale e colore del proprio ambiente. Design pulito, funzionalità e versatilità. Questo è Papillon.

Papillon ist die Servetto-Serie sind für den unteren Bereich des Kleiderschranks gedacht. Die Produktphilosophie sieht einen (ausziehbaren oder festen) Rahmen vor, in dem das Zubehör montiert werden kann, um die gewünschte Zusammensetzung zu konfigurieren. Wie alle Produkte der Servetto-Serie ist Papillon erweiterbar und passt sich den folgenden Abmessungen im Schrankinneren an: cm 77-120, 56-80 und 44-56. Das Papillon-System ist mit den Führungen der folgenden Marken mit Hilfe von speziellen Komponenten für Rahmenbefestigung kompatibel: Blum, Grass, Häfele, Hettich. Die Palette der von Servetto angebotenen Zubehörteile lässt der Fantasie viel Raum: Mit Hilfe von Hosenhalter, Wäschekorb, Schuhablage, Fachboden usw. können unendlich viele Kombinationen erstellt werden, die den Bedürfnissen des Kunden und der Größe des Schrankinneren entsprechen.

Papillon ist in den Ausführungen Weiß, Braun und Anthrazit erhältlich. Mit Kleiderlift und Papillon im gleichen Farbton können Sie den Schrank harmonisch gestalten und die Farben wählen, die am besten zum Material und Farbe des Raumes passen. Schlichtes Design, Funktionalität und Vielseitigkeit; das ist Papillon.

Papillon est la gamme de Servetto dédiée à la partie basse de l'armoire. La philosophie du produit prévoit un cadre (extensible ou fixe) dans lequel loger les accessoires pour configurer la composition souhaitée. Comme tous les produits de la gamme Servetto, Papillon est extensible et s'adapte aux dimensions du compartiment de la manière suivante : 77-120, 56-80 et 44-56 cm. Le système Papillon est compatible avec les guides des marques suivantes, avec des accessoires appropriés pour leur fixation sur le cadre : Blum, Grass, Häfele, Hettich. La gamme d'accessoires proposée par Servetto laisse une grande place à l'imagination : porte-pantalons, porte-linge, porte-chaussures, étagères, etc... On peut créer des combinaisons infinies en fonction des besoins du client et de la taille du compartiment.

Papillon est disponible en finitions blanc, brown et plomb. Avec des penderies relevables de la même couleur, il est possible d'harmoniser l'intérieur de l'armoire et de choisir la finition qui convient le mieux au matériau et à la couleur de votre intérieur. Design épuré, fonctionnalité et polyvalence. C'est ça la gamme Papillon.

Papillon is the new range for the low part of the wardrobe. The range consists of a frame (width adjustable or fixed) to use in combination with a selection of optional accessories offering several storage solutions. Papillon is width adjustable, like all the Servetto products, in order to match the following compartment widths: cm 77-120, cm 56-80 and cm 44-56. The frame Papillon is compatible with the runners Blum, Grass, Häfele and Hettich, by using the adaptors available in the range. Many flexible solutions for organizing the wardrobe compartment based on your needs, by using the complementary accessories: trousers rack, laundry basket, shoe rack, frame for shelf.

Papillon is available in the finishes white, brown and anthracite to match the wardrobe lift in the upper part of the wardrobe. Papillon: minimal design, functionality and flexibility.

Papillon y la gama Servetto que se dedica a la parte inferior del armario. La filosofía del producto prevé un marco (extensible o fijo) en el que introducir los accesorios para que se pueda configurar la composición deseada. Como todos los productos de la gama Servetto, Papillon es extensible y se adapta a las dimensiones del compartimiento de las siguientes maneras: 77-120, 56-80 y 44-56 cm. El sistema Papillon es compatible con las guías de las siguientes marcas, a través de adaptadores que permiten fijar estas en el marco: Blum, Grass, Häfele, Hettich. La gama de accesorios propuesta por Servetto deja un amplio espacio a la imaginación: soporte para pantalones, cesta de la ropa, zapatero, etc... se pueden crear muchas combinaciones de acuerdo con las exigencias del cliente y el tamaño del compartimiento.

Papillon está disponible en los acabados blanco, brown y antracita. Con barras de deslizamiento y Papillon del mismo color, se puede armonizar la parte interior del armario y seleccionar el acabado que mejor se adapta al material y color de su entorno. Diseño limpio, funcionalidad y versatilidad. Este es Papillon.

Il sistema Papillon è estremamente facile da montare e intuitivo nell'utilizzo: gli accessori sono semplicemente appoggiati al telaio e sono spostabili e removibili.

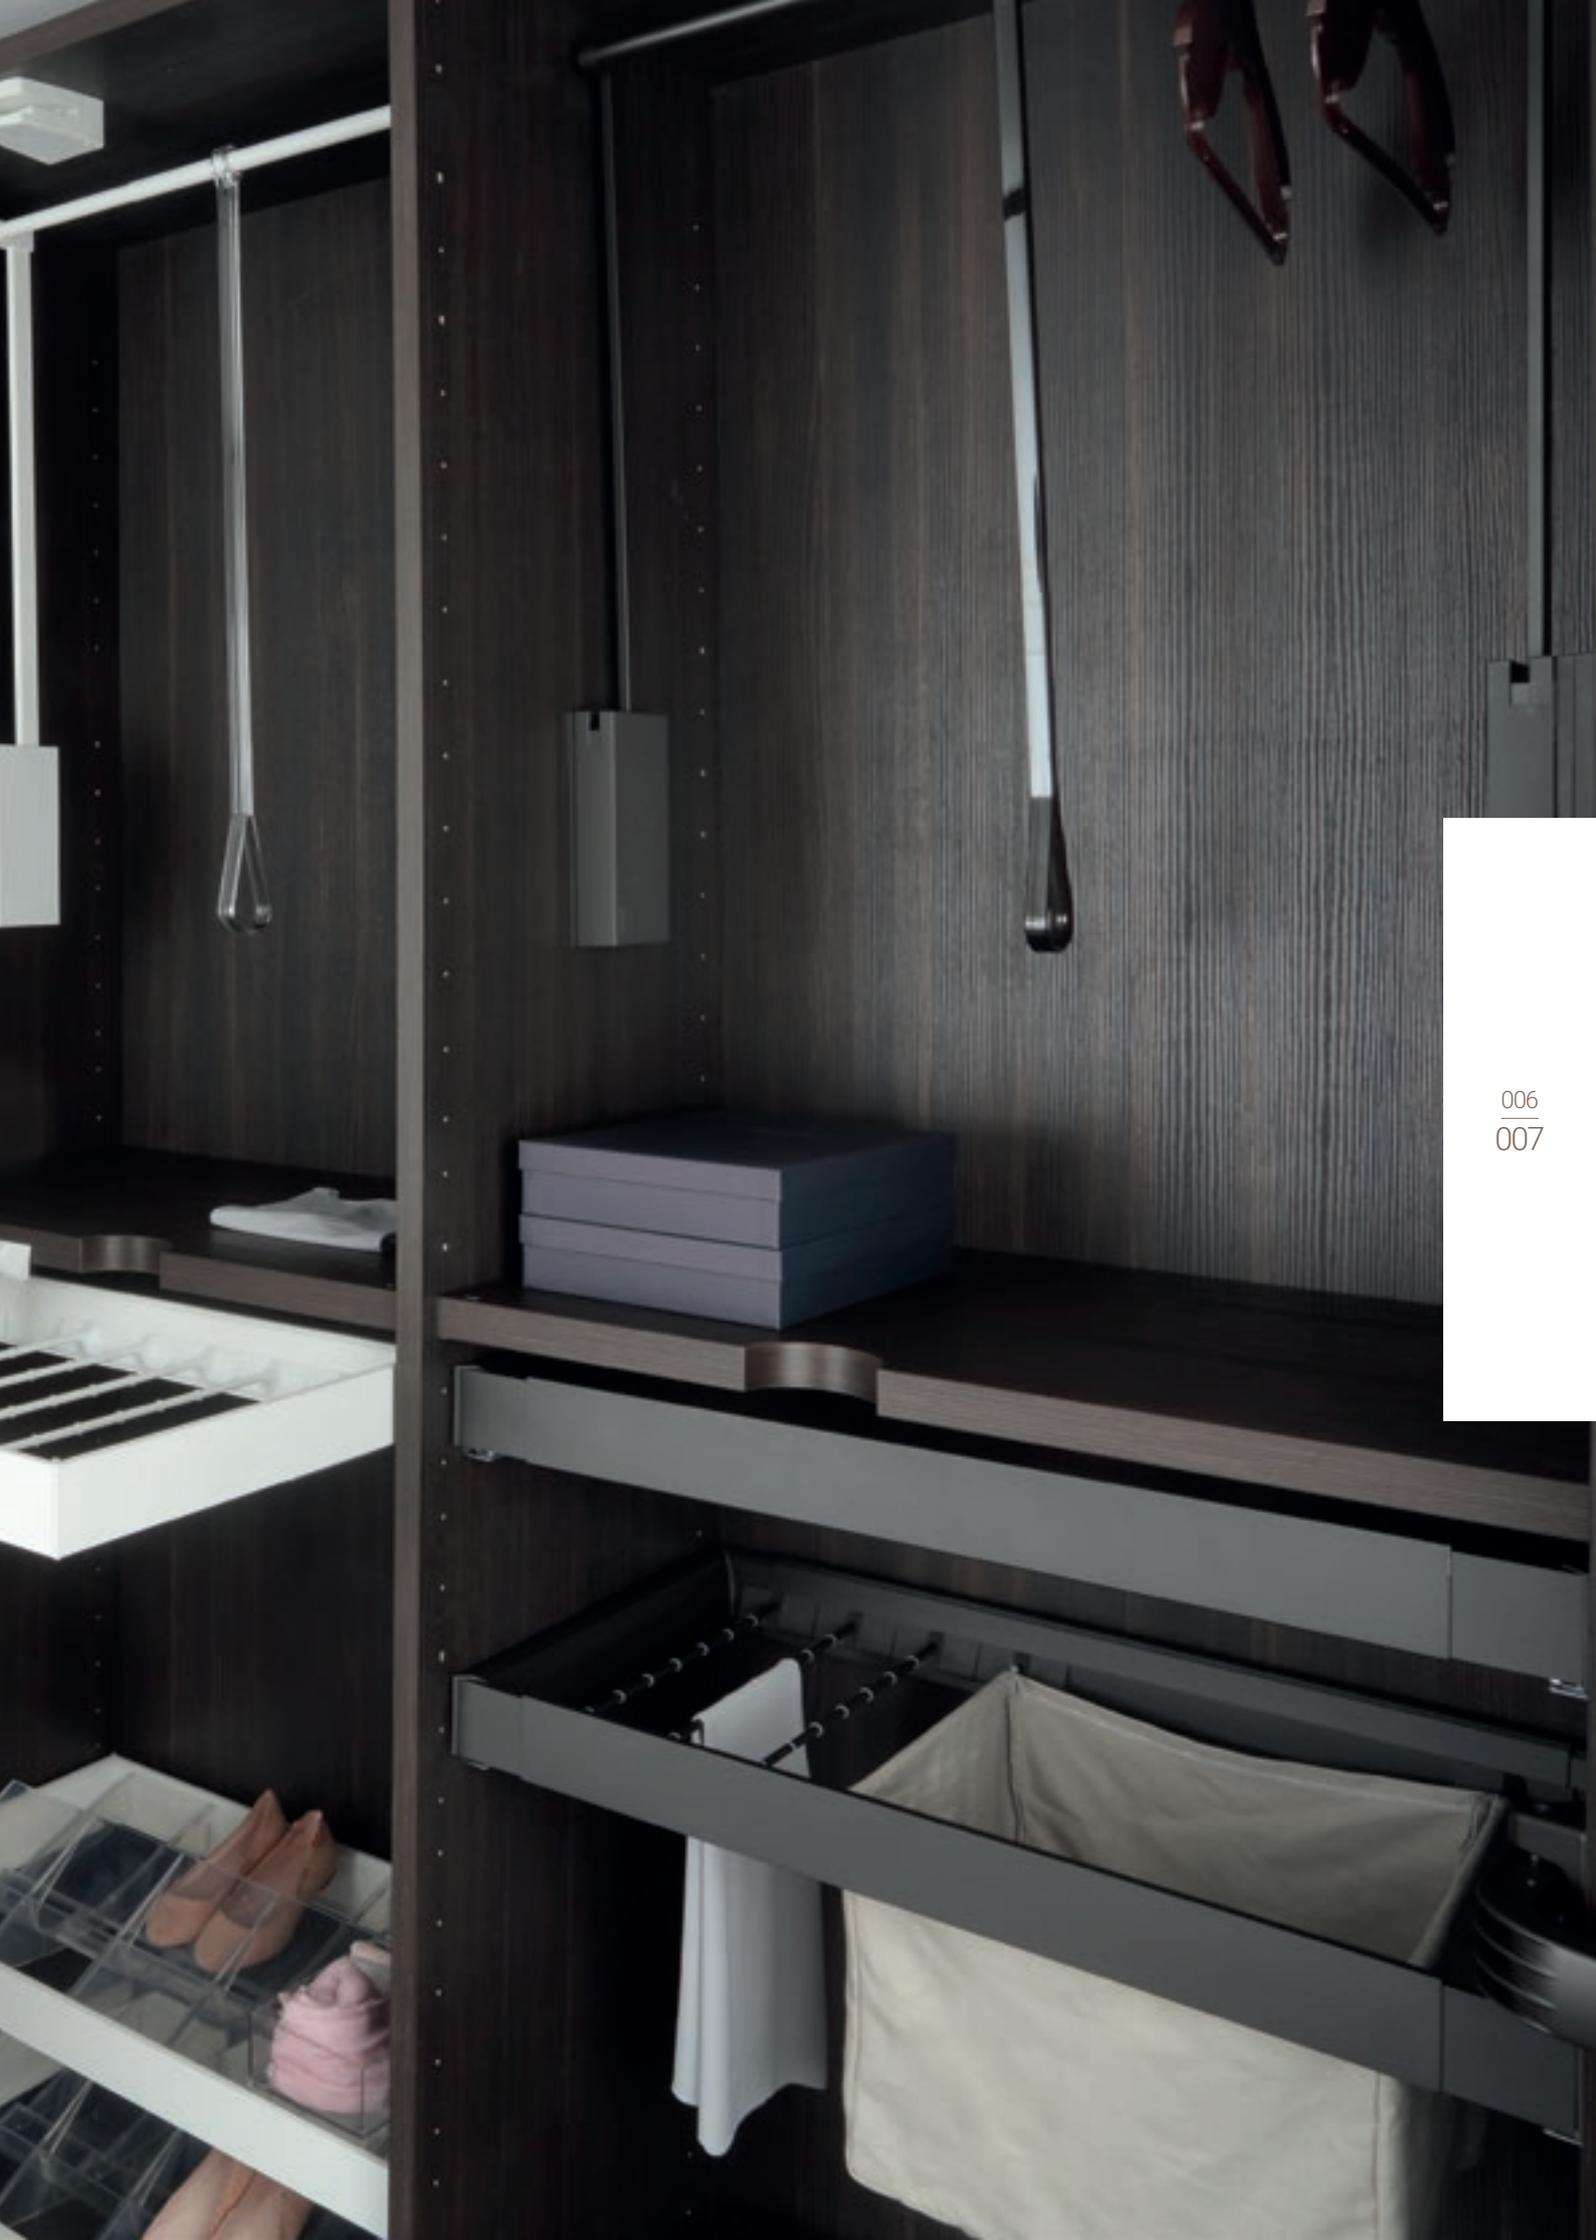

Das Papillon-System ist sehr einfach zu montieren und intuitiv zu bedienen: das Zubehör ist einfach in den Rahmen einzusetzen und kann bewegt und abgenommen werden.

Le système Papillon est extrêmement facile à monter et intuitif à utiliser : les accessoires sont simplement appuyés sur le cadre et sont mobiles et amovibles.

The range Papillon is extremely easy to install. The accessories are simply placed on the frame and can be mixed, moved or changed in case you want to reorganize the wardrobe compartment after some time.

El sistema Papillon es muy fácil de montar e intuitivo en su uso: los accesorios resultan sólo apoyados en el marco y, por esta razón, pueden moverse y extraerse.

6. Distanziale | Spacer

Lo spessore delle cerniere e/o delle ante può ostacolare la fuoriuscita del telaio Papillon.

The thickness of the hinges and/or doors may obstruct the Papillon frame.

In questo caso si consiglia l'installazione di n.1 o n.2 distanziali in corrispondenza del lato interessato.

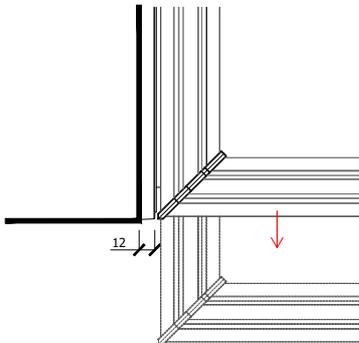

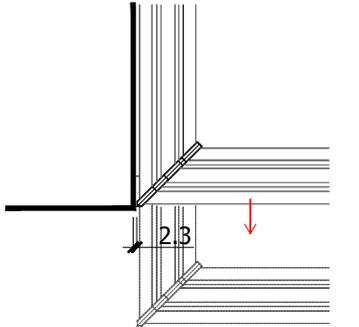

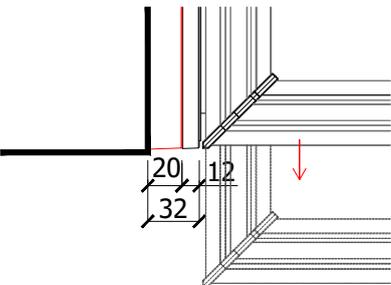

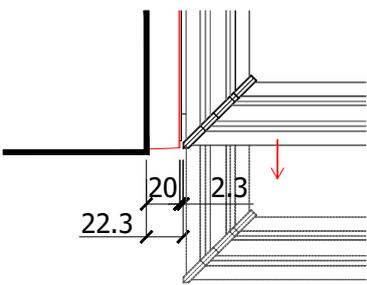

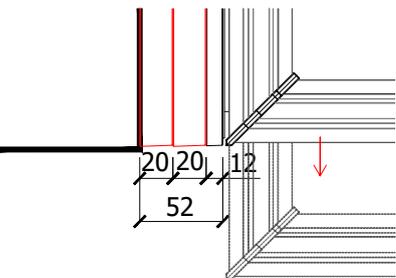

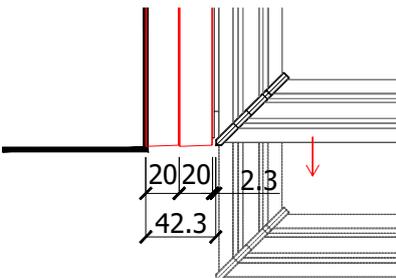

In this case we recommend fitting 1 or 2 spacers on the affected side.
